

MUST GO ON METERS

Contractors Will Not Be Given Flat Rate in the Future.

Contractors object to putting meters on hydrants from which they are using water, says Commissioner Stanfield. A flat rate for building purposes is cheaper. However, they will be compelled to pay the same rate as other consumers in the future.

The policy of requiring meters on hydrants saves the city about 1,000,000 gallons of water a day, Stanfield says.

The water plant uses about seven tons of coal less per day than it did under the other regulations.

RACE RIOT AT A PRISON.

Prisoners Use Dynamite, Picks and Guns; Several Hurt.

St. Louis, Mo., June 13.—One white man and twelve negroes, prisoners at the city workhouse here, were injured, several severely, when a race riot broke out in the prison rock quarry late Thursday. About thirty prisoners took part in the melee. The sixteen guards were unable to quell the rioters and police reserves were called in. Dynamite, guns, picks, shovels,

rocks and sticks were used by the prisoners. The riot was said to be the outcome of a fight a negro and white prisoner had several days ago.

HE WAS SORRY TO LEAVE.

But Prisoner Had Important Business. So He Sawed Out.

Houston, Tex., June 13.—Bill Harris, who sawed his way out of jail here, returned today. "Sorry I had to leave," he explained, "but I had important business to attend to. Came back soon as I could."

Operation Not Successful

"Is years ago I was operated for appendicitis and later operated again for gall stones. Neither did me any good and I suffered all kinds of torture since. Five years ago I took Mayr's Wonderful Remedy and have felt no symptoms or pain since. All stomach sufferers should take it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Druggists everywhere.—Adv.
